## 1 EXPLANATIONS AND NOTES

### 1.1 Loading zone booking in set-up and dismantling (Event code: RQFXn)

#### ATTENTION!

During the entire event (including set-up and dismantling periods) access to the InnoTrans exhibition grounds for loading/unloading is only possible by booking a loading zone. To do this, you must register and log-in on our booking website in advance to reserve a paid time slot in a loading zone. We charge a 15 € / hour service fee per booked slot. It is not possible to enter the exhibition grounds without this registration. Further information can be found under item 2 of the Regulations for Loading/Unloading.

The booking portal will open on 25 March 2024: [www.innotrans.de/loadingzonerervations](http://www.innotrans.de/loadingzonerervations).

**Event code for registration: RQFXn**

Access for heavy goods transporters and large exhibit vehicles must be coordinated separately (see item 2.6).

### 1.2 Documents in set-up and dismantling

All vehicle occupants and all set-up/dismantling personnel must be in possession of a valid set-up/dismantling pass for access to the exhibition grounds. Set-up/dismantling passes can be ordered and downloaded in advance free of charge via the BECO Webshop: [www.innotrans.de/webshop](http://www.innotrans.de/webshop). It is not possible to book passes on site because all passes are personalised.

### 1.3 Forwarding agent services

#### Contract forwarding agents Messe Berlin

**Schenker Deutschland AG**

Tel.: +49 30 301 2995 420

Fax: +49 30 301 2995 429

E-mail: [fairs.berlin@dbschenker.com](mailto:fairs.berlin@dbschenker.com)

According to the Technical Guidelines of Messe Berlin, the use of cranes and fork lifts is reserved for the contract forwarding agents / contract partners of Messe Berlin. Exceptions must be agreed with Messe Berlin and are subject to approval and fees. Where applicable, the external devices approved must be provided with clear signs / markings during their use on the exhibition grounds (with event and local contact data).

Excerpt from the Technical Guidelines of Messe Berlin GmbH:

On the exhibition grounds, the contract forwarding agents of Messe Berlin exercise the exclusive forwarding rights thus, taking exhibits, stand structures, etc. in the stand, including the provision of any auxiliary equipment as well as customs clearances for temporary or definitive import. The General German Freight Forwarding Terms and Conditions (ADSp) in the latest version and the "Official Trade Fair Forwarding Rate – Messe Berlin GmbH" apply for orders awarded to the forwarding agents.

## 1.4 Driving ban on Sundays

On Sundays and national bank holidays in Germany, there is a general ban on driving on Sundays and national bank holidays for heavy goods vehicles in the time from 00:00 am and 10:00 pm (§30 section 3 of the StVO (German Road Traffic Regulations)).

The ban on driving applies to:

- Lorries with a total permissible weight more than 7.5 t
- Lorries with trailers regardless of total weight
- Passenger vehicles, that are registered as commercial vehicles for tax reasons

### Exemptions

Exemptions can be issued in urgent cases. The road traffic authorities where the load is being picked up or the road traffic authorities where the applicant has their place of residence, office or a branch are responsible for the exemption.

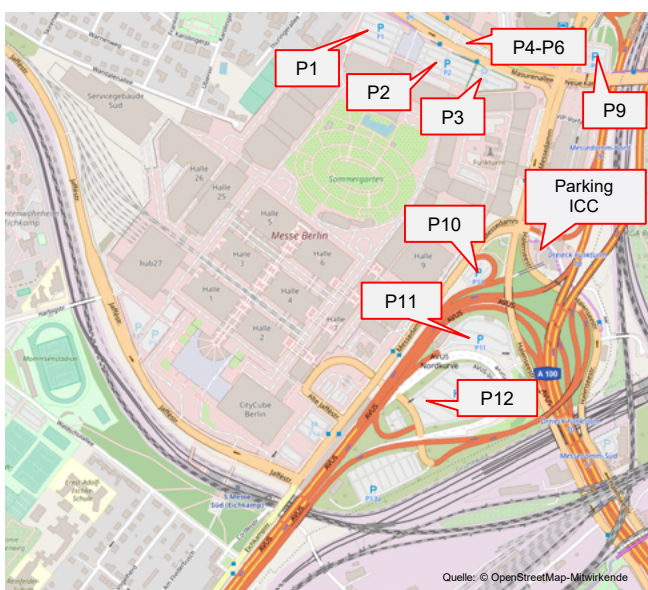

Companies with foreign main office must apply for the approval in the Federal State where they cross the border, and generally at the local State Office for Traffic (there are different specific designations); the regional administration is responsible in North Rhine-Westphalia.

### 1.8 Traffic regulations on the exhibition grounds

 <p><b>Traffic regulations</b></p>	<p>On the entire exhibition grounds as well as on the parking spaces, the stipulations of the German Road Traffic Regulations (StVO) apply accordingly. The prescribed maximum speed on the exhibition grounds is 20 km/h.</p> <p> Company premises: Railway vehicles take precedence</p>
 <p><b>No-parking zones</b></p>	<p>There is an absolute stopping restriction outside the designated parking areas. The marked traffic lanes and routes designated for fire department and rescue access (external gates, hall gates, emergency exits, etc.) should be kept free at all times.</p>
 <p><b>Vehicle parking</b></p>	<p>Messe Berlin reserves the right to remove vehicles, trailers as well as full or empty containers of any kind that are parked illegally or in stopping restriction zones without prior notification and at the cost and risk of the person responsible for parking / stopping. No surveillance or safeguarding of vehicles is provided.</p> <p>Vehicles used for set-up must generally not be parked in the exhibition grounds during the exhibition. Please only use the designated parking spaces (outside the exhibition grounds).</p> <p>Driving on the exhibition grounds with vehicles is permitted only for loading and unloading purposes. Parking in and around the halls is prohibited. Caravans and mobile homes may not be brought onto the exhibition grounds for accommodation purposes.</p>
<p><b>General notes</b></p>	<p>Driving any type of vehicles on the exhibition grounds is carried out at your own risk, and you must have a valid permit, access approval, or parking ticket.</p> <p>The technical guidelines as well as house rules of Messe Berlin GmbH apply in the most recent version.</p> <p>Instructions by security personnel deployed by Messe Berlin for controlling and directing traffic must be followed.</p>
 <p><b>Forwarding law</b></p>	<p>The operation of your own forklifts and cranes is not permitted on the exhibition grounds of Messe Berlin without the respective approval and acceptance by the contract forwarding agents subject to charge. Our forwarding agents bound by contract are the exclusive logistics service providers within the exhibition grounds. This particularly applies to transporting of exhibits and loading / unloading of HGVs.</p>
<p><b>Errors and omissions excepted</b></p>	<p>All information is provided without guarantee. Messe Berlin reserves the right to make changes in traffic management at short notice in response to external circumstances.</p>
<p><b>Parcel delivery services</b></p>	<p>Official parcel services (DHL, FedEx, UPS, Transoflex, etc.) using appropriately branded vehicles to make deliveries are permitted to enter the grounds without booking time slots.</p>

## 2 REGULATIONS FOR DELIVERY / COLLECTION
